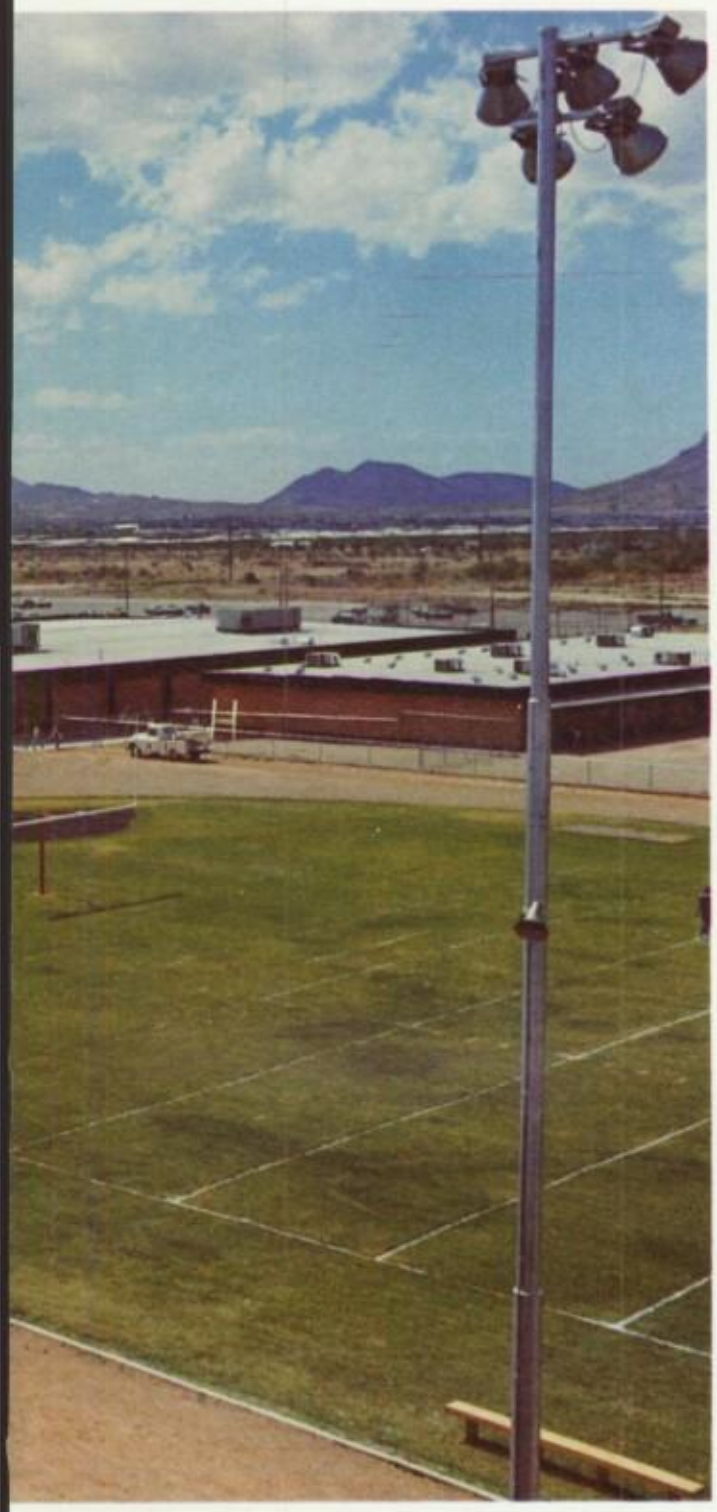
PARADISE VALLEY SCHOOLS



Looking at PV Graffiti

And so it was, on the fair day of July 16, in the year of our Lord one thousand, nine hundred and seventy four, Paradise Valley High School was accepted into the city of Phoenix, Arizona.

It had taken 17 years for this much needed change to come about. The interruption of classes with the confusion of fire drills and stronger police protection were at first new and different, but eventually faded into the routine.

Schedules, teachers and classes;
Free time, assemblies and dances;
All this and more
Start off the memories of

Live and Let Learn

Even with all the differences between students, they all share the common goal of struggling for a high school diploma. Hopefully, in this struggle, a little knowledge will soak in.

High school teaches the basics, both academic and social. Without the education that is attained here, it becomes very difficult to find a place in society. The friendships, classes, and social activities of these four years will affect a person's attitudes for the rest of his life.

The important thing in life is to set a goal and reach for it. School plays a part in choosing and also attaining goals.

Ever Expanding Future

School days are just a small part of life and just a step on the way. Outside of personal problems there are school, national and world problems.

Inflation exists everywhere--even on our own campus. The rise in food prices, entertainment costs and the shortages and higher prices of fuel all put a dent in everyone's wallet.

When prices rise, so do tempers and no one seems to find a nice pat answer. The President, Congress, special committees and businesses themselves struggle to get out of the recession-inflation dilemma.

On the national and international scene, politics become more involved as more corruption is revealed. Young people keep up on the facts and get involved so their voices can be heard.

English Classwork Stresses Importance

The main objective for the English Department this year was to have more basic grammar and writing skills incorporated into all English related courses.

The Basic Reading Program was totally changed in concept to allow students more free reading time, in addition to tests which were administered to them. Many guest speakers visited classes, especially Mass Media, throughout the year. Speakers ranged from police officers to disc jockeys to an astrologer. During the year, English students entered National and Local contests. Junior Sherri McCarthy won a Second Place Award in a Newswriting experience contest sponsored by the State Press Association. The Newspaper staff submitted entries in an annual contest sponsored by Arizona State University.

In deep concentration, Mary Ruthowski begins her Advanced Composition assignment.

Anthropology Adds to History Selection

Mr. Wolfe, Government teacher, starts group discussion by explaining a problem to be solved. The students are asked to solve problems that might arise if they were sent to a space colony in the year 2000.

Anthropology is the newest course this year in the Social Studies Department, making it nine from which to chose. It is a half semester course in which one studies the origin, the developments and the beliefs of mankind.

Other courses in the department range from World History and Government to Free Enterprise and Sociology.

The Current Events Game, started last year, is played among the classes every Friday to see which class can answer the most questions about news of the week.

Two clubs that are related to the Social Studies Department are the Arizona History and Hiking Club sponsored by Mr. William Pellett and Mrs. Mildred Pettis, and the Ecology Club sponsored by Mr. William Verhulst.

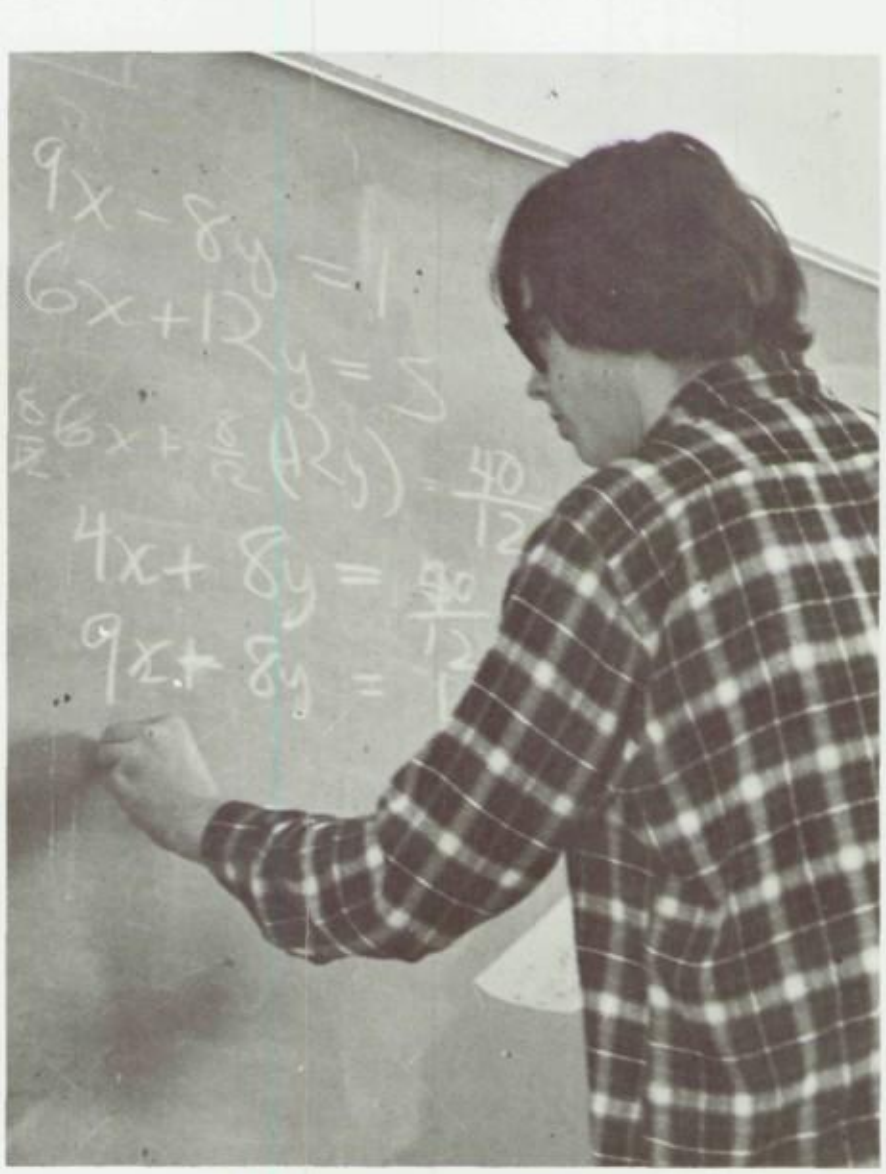
The Math department has something for everybody. For the students who are just beginning Math in High School Patterns of Mathematics is offered to help build their interest in Math. For students with a stronger background in Math, Trigonometry, which is first semester only, and Analytical Geometry, which is available second semester, are also offered.

As one credit of Math is required for graduation, Introduction to Algebra will be accepted for a High School math credit but not for college entrance. Freshman Algebra and Geometry are recommended by colleges, but they will accept a High School diploma.

Attracted to Paradise Valley this year were two new teachers. Mr. Van Rockel teaches Algebra 3 & 4B and Geometry B and Mr. Cornell teaches Geometry B and General Math.



Junior Nick LaMonica demonstrates knowledge of Algebra 3 & 4 at the board.

The Home Economics curriculum expanded this year to include two new courses, Creative Clothing and Creative Foods.

Creative Clothing is designed for those students who wish to expand their knowledge about sewing.

Creative Foods enables the students to learn how to prepare full course meals and buffets. Menus range from fancy American dishes to delicious Mexican varieties.

Other electives include Child Development, Fashion and Construction, Clothing for Teens and Bachelor Survival.

Bachelor Survival is open to Junior and Senior boys who are interested in learning how to survive bachelorhood. Students learn how to sew bar-b-que aprons, how to do their laundry, rent apartments and read menus. There is also a unit on desert survival where the students learn how to cope with emergency situations.

The Home Economics Department also plans guest speakers and field trips to enhance the curriculum.

During Child Development Class, Micky Collins, far left, and Pat Burke, far right, instruct children in educational games.

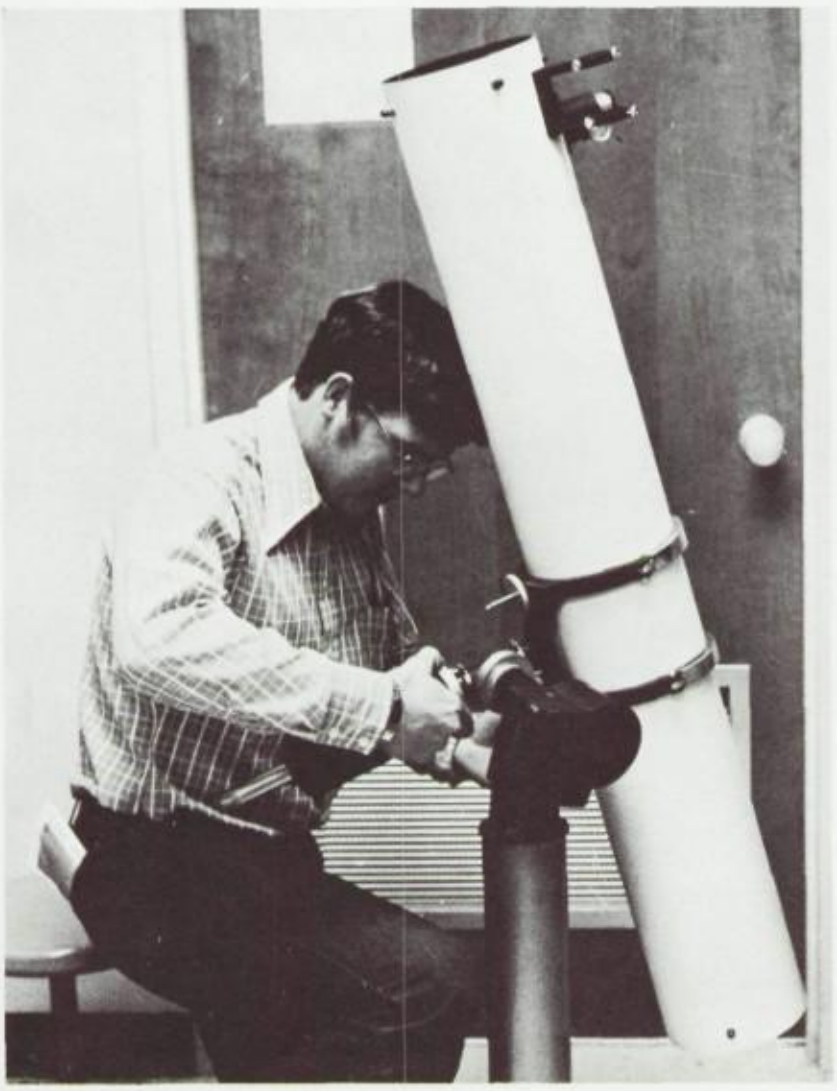
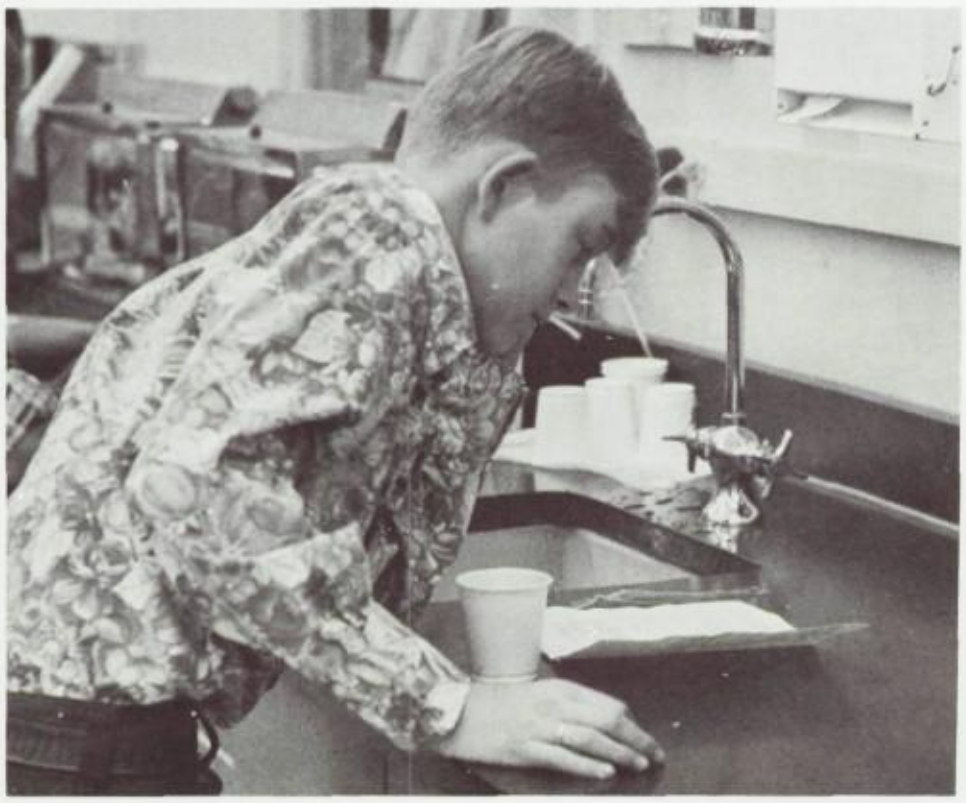
Students Discover World Beyond Classroom



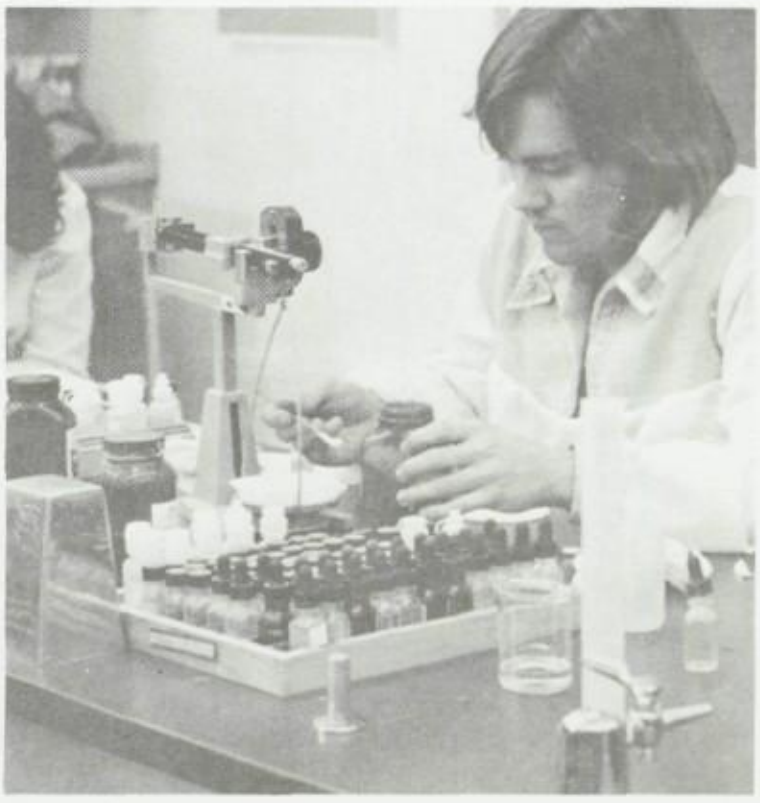
Junior Bill Bruin adjusts the focus on the department's new six inch reflector telescope, which is to be used for star gazing sessions.

Although only one year of science is required, this department has much to offer anyone who stays longer. There are 14 different classes from which to choose and a variety of interests to pursue. Classes range from three levels of Earth Science to Physics, Chemistry and Advanced Placement Biology. Also included are geology, ecology, biogeography and space science.

Many innovations have been made to further the learning process and the department has also acquired several new pieces of equipment, which it hopes will enable students to probe subjects in much geater depth. These new additions include a 55 gallon aquarium, several biological models, a reflector telescope and a very impressive $1,500 phase contrast microscope, with which students can actually take pictures and movies of the specimens they are viewing. According to Mr. James Heinrichs, department chairman, "This school's equipment and facilities exceed even those in some of the colleges around the state."



Biology student Rod Topel checks instructions before beginning his experiment.



Senior John Drazkowski works diligently on his new potion to rid the world of evil.

P.E. Curriculum Offers

"Although the number of students in the school has dropped, the number of students taking Physical Education hasn't. As a matter of fact, the number taking the Health Classes has increased," stated Mr. Charles Baker, Physical Education Department chairman.

PE has a variety of classes from which girls may choose, ranging from Advanced Gymnastics and dance for girls who have taken PE before, through Advanced PE for upperclassmen to beginning PE for freshmen and those who have never taken a PE course before.

Freshman boys have Introduction to Boys PE and Advanced PE for upperclassmen.

Athletes have a new class offered to them called Athletic Training to help them improve their skills in the sport in which they are participating. Injuries received in a sport may also be checked in this class.

Health Education, taught by Mr. Anders, is offered in the PE department. It is offered to all students and teaches them about their bodies, both mentally and physically, and also explains the use and effect of drugs on the body. The double expansion of class size shows that student interest has also expanded in Health.

Students from Boys' P.E. participate in a game of soccer.

Two Students work toward improving their team's score in a P.E. class soccer game.

Performing Arts

Mr. Larry Wittig, Choir Director, listens to Mens' Choir as they prepare for a coming performance.

The performing arts department has been very busy this year. Mrs. Dotts' drama classes prepared plays to be performed in class and presented to the public. The drama department produced two school plays and two talent shows during the school year.

Some of the in class plays were "Inner Willy," "Cherebaum #27," "Pinocchio" and "Brainstorm." The first school play was "A Connecticut Yankee in King Arthur's Court." The second performance of the year was a musical, "South Pacific."

Speech students spent the year attending debate and speaking tournaments.

The Choruses were also buys during the year. Concert Choir concentrated on raising money for their Vienna music festival. Some of the porjects included the Ye Olde Vienna Trade Fair, a car raffle, benefit concerts and the regular schedule of concerts.

Musicians performed in festivals during the year earning honors in each they entered. The Jazz Band placed first at the Northern Arizona University Jazz Rock Ensemble Festival.

Students could choose from Art classes entitled Drawing and Painting Creative Crafts, Fundamentals of Art, Advanced Art, Fibers and Fabrics, Ceramics and Sculpture.

30 art students entered State fair competition this year. Art students also entered the Scholastic National Exhibits.

Nine of the 30 students who entered the State Fair competition received awards. They were Tim Souers, Linnea Weber, Jesse Hurlbut, Sharon Sterling, Scott Overend, Theresa Weber, Diana Wolfe, Sharon Metzger and Kathy Mayo.

Mr. James Huehne

Senior Paul Maughan demonstrates his talents in Mr. Huehne's 4th hour class.

New courses added this year in the Industrial Education Department, headed by Mr. Dale Frost, are Vocational Automotive, Vocational Welding, Auto Body and Refinishing, Woodworking for Girls, Commercial Arts I and II, Industrial Plastics III and IV, Construction and Vocational Visual Communications, which breaks down into Graphic Arts and Commerical Arts.

Along with the Automotive Diagnostic Center, which was donated by J. C. Penny's, the department has obtained a new offset press, front end and diagonstic equipment, a milling machine, new welders, a band saw and a fiberglass spray-up machine.

VICA, which stands for Vocational Industrial Clubs of America, is a club and class begun this year to promote industrial and vocational education.

The special education department, through its core classes and task training area, attempts to provide each of its students with an individualized program designed especially to meet that student's particular needs.

Core classes consist of the academic courses, while the task training area is a vocational aspect of the special education program. Here students can explore and pursue career skills and interests in a personalized environment.

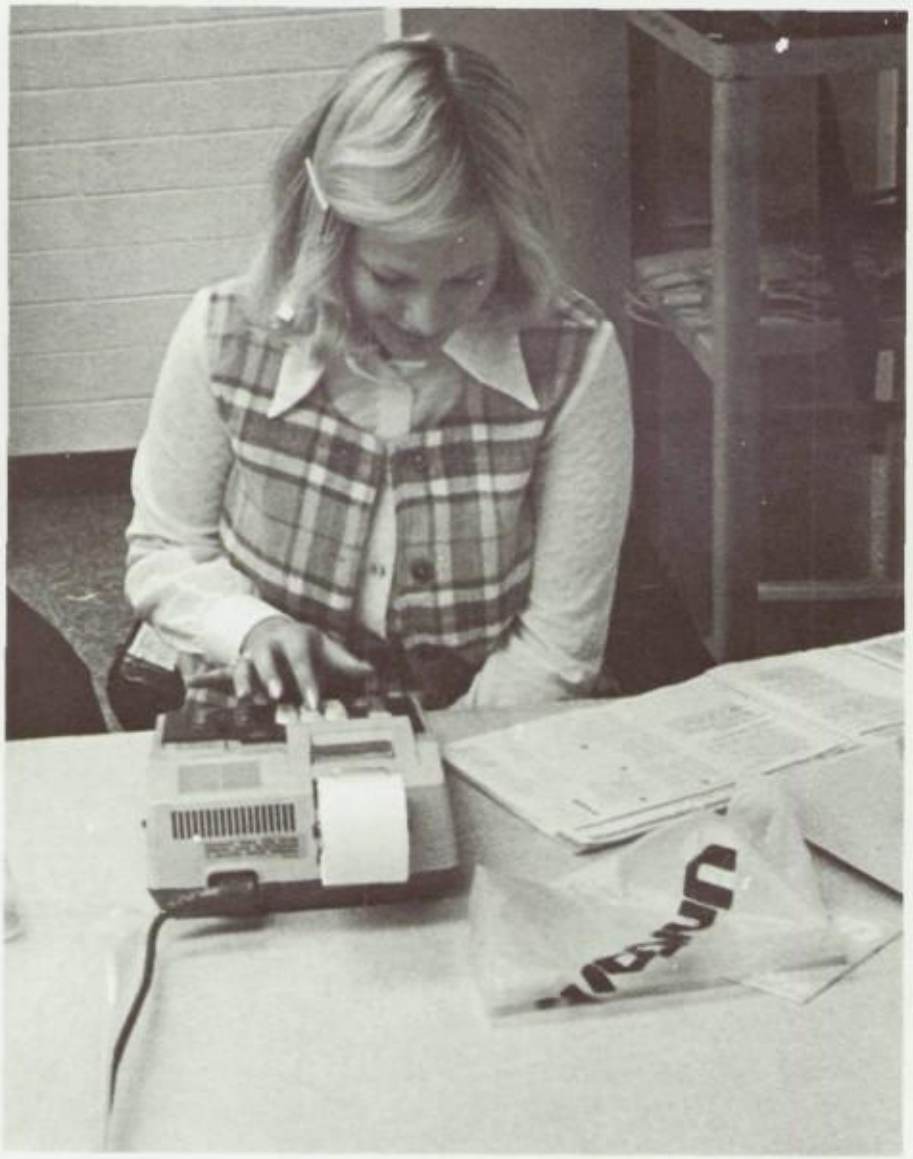
Remodeled Buildings Brighten Classes



Senior Karen Hoffman smiles happily as her problems work out in Business Machines.

Besides new equipment, the Business Department has a whole new look this year-all of the classrooms were completely remodeled.

The rooms are now carpeted and newly painted in addition to several walls, which were removed, windows, which were put in, so that one can see from room to room.

Students appeared to be interested in a new course which was added, called Data Processing. This course is designed to teach students the use of flow charts, to teach students the use of four new programmable calculators and to let students know what careers are open to them.

Another new course added this year is Junior High Typing. This is a course for students who have had some typing experience in junior high. The course is slightly accelerated over Beginning Typing.

"I knew I could conjugate that verb," says Tom Bliss as he discovers the answer to his question in Mr. McEndree's German class.

Determining Spanish names for objects is a method of study being practiced by Sophomore Sonia Johnson and Junior Bart Good. They discover that the object Bart is holding is a Jarro De Espano (Jar from Spain).

A new part of the foreign language curriculum this year is cooking in class. Many students are taking part in the preparation and eating of such delicacies as Chorizo (mexican sausage), paella (rice cooked with lobster or shrimp), Aofelkuchen (German apple cake) and French Chateaubriand (buttered snails).

Most Foreign language classes also visit restaurants which have the customs and styles of that particular country. This gives the students a chance to practice their language skills and eat in an interesting restaurant.

Other teaching implements include tapes, books, filmstrips and such games as Monopoly, scrabble a and soccer for the German class.

The enthusiasm and effort of the students have improved the rate of learning; more and more students are becoming aware of the importance of learning a second language.

A new concept in the library for the '74-75' school year was the Media Center. Combining the library with the A.V. department was one of P.V.'s recent improvements. The northeast side of the library was to be converted into a separate area for the use of guest speakers and certain classes such as "Film and the Film-maker."

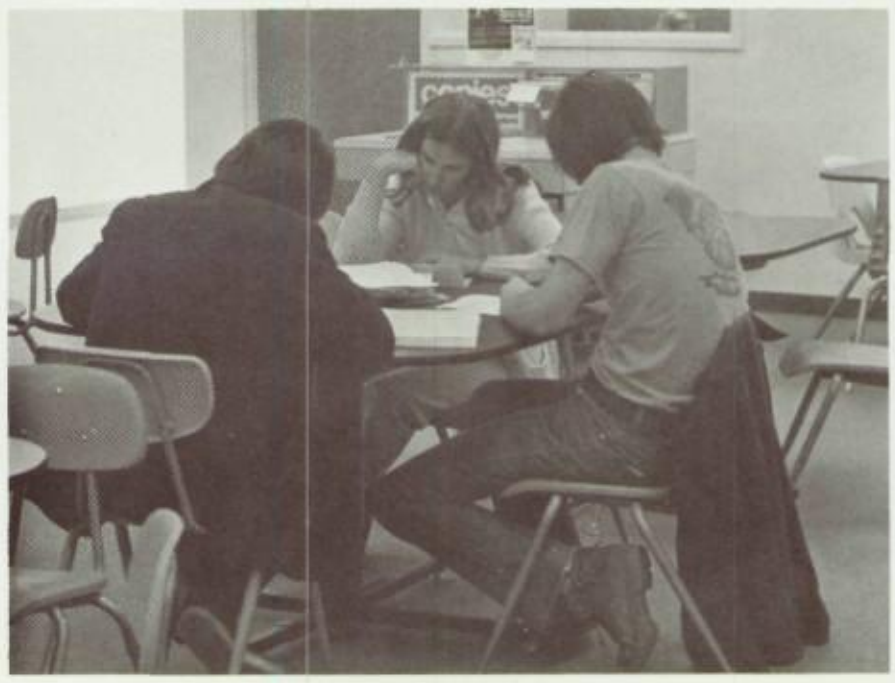
All books in the library are available for students to check out, including encyclopedias. The number of books in the library has more than doubled in the last three years, bringing the to total to 22,000.

There are a number of machines for the students' use such as tape recorders, film-strip previewers, three typewritters and a Xerox machine.

The library has been investing in more machines that will help students in their studies and classes. They ordered a Microfiche reader printer. It is capable of printing and magnifying a whole book on film or a 3/5 card. This method prevents the film or card from being worn out or lost. More typewriters are on order because of the great demand for them by students.

This year the library encouraged students to check out as much equipment as they would like. Portable micro-film readers, automatic sound film-strip viewers and magazines are available for check-out use.

The director of the Media Center is Miss Golay and Mrs. Taylor is now the head librarian. The Graphic Arts Technician is Mrs. Hutson and other members of the Media Center staff are Mrs. Unruh and Mrs. Parizek.



Students Kurt Isreal, Andrea Stenken and Dan Garson get an early start on their homework in the library.

One of Kevin Cotter's duties as an assistant in the library is to help students find reference materials.

Administrators Contribute to Successful Year

Dear Students:

Even though we have experienced some building setbacks this year, it has been a very positive year.

Of course, we started by having an outstanding football season, and at this writing, we have also claimed a State Championship in girl's softball and divisional winners in wrestling. Our jazz band took top honors at the N.A.U. Jazz Festival; our band also took many honors as did our Drill Team. Our band's feature twirler was number one in the State--a two year state champion. Also our wrestling team took second in the state. It was the best showing P.V. has ever had in wrestling.

We ranked higher than the national average and the Arizona Average on our American College Testing (ACT) scores.

Several of our Senior boys were nominated for the military academies.

Our choir is rated one of the finest in the state and will go to Europe this summer.

The Student Union is holding its own, now that the repairs of the warped floor have taken place. A new attitude is developing--students are getting their furniture, activity games, etc.--a personal pride is taking over.

The Commercial Department has been almost all completely renovated--much to the happiness of everyone.

A major thrust is taking place on campus to renovate some of the areas and to embellish the premises.

Several vocational programs made their appearance on campus this year; namely, I.C.E. Program; Commercial Art; Home Mechanics; Vocational Auto Block; Radio/T.V.; Vocational Welding. The following courses are proposed for next year: American Industry Capstone Project, Auto Body Finishing Techniques, Exploring Industrial Cooperative Education, Foundry and Welding, Photography, Vocational Auto Body and Refinishing Block, Vocational Photography Block, Vocational Plastics Block, Vocational Refrigeration and Heating Block, Vocational Technical Illustration Block, Vocational Upholstery Block.

Even though we lost approximately 1,000 students to Shadow Mountain and we had approximately 100 students graduate at mid-year, we still have an enrollment of over 2,300 students.

The overall reaction that I get from the faculty and students is "It's the best year I've experienced since I've been at Paradise Valley."

I'm sure that the students have been a contributing factor--they're a great and bunch rekindle your faith in youth and in America.

Sincerely,

Chris B Carrino

9-1 Record Catapults Trojans to First

Setting an unprecedented 9-1 record, the PV Trojans this season netted 3,569 total yards, scored 42 touchdowns, racked up 294 points against their opponents and finished in the top ten AAA high school football ratings.

The Trojans opened the season with a 37-26 victory over Scottsdale and then went on to defeat Glendale, Cortez, Thunderbird, Moon Valley and Apollo in their next five games.

Boasting a thus far perfect record, PV then clashed with the powerful St. Mary's Knights, the only other undefeated team in the Skyline conference. After losing starting quarterback, Mike Rosky, early in the game with a knee injury, the Trojans just couldn't seem to get it back together again. Consequently, they suffered their first and only loss of the season along with their all important bid for the division championship, by a score of 42-14.

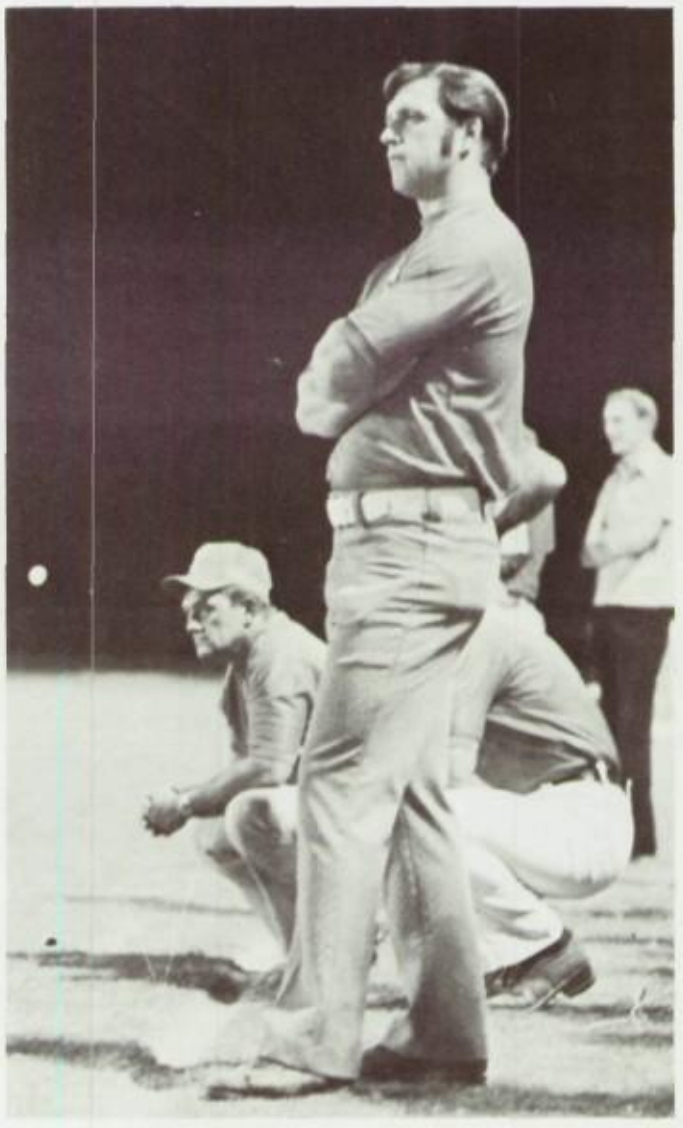
Afterwards, the Trojans bounced back to defeat Sunnyslope and Washington and then finished off the season with a whopping 48-6 victory over Prescott.

A few of the players who made outstanding contributions to the team's success were Greg Jones, Eric Stine, Monte Cole, Mark Wingfield and Richard Van Pelt. Their exceptional playing won each of these players special post season recognition.

Jerry Grim, another outstanding performer, set two new PV school records as he rushed for an all time high of 945 yards and scored a record breaking 11 touchdowns in a single season.

Head Coach Richard Anders attributes much of the team's success to its weight lifting program. The players lift weights three times a week, which according to Anders serves two purposes. It makes the boys stronger so they don't get hurt as easily and it develops strong team unity. "Other schools have weight programs," he noted, "but ours works because the boys are not forced to come, they want to come."

Even Kung Fu tactics couldn't stop ball carrier Wayne Keenan, 21, as Trojans marched to a 28-12 victory over Moon Valley.



Head Coach Richard Anders and Coach Wayne Swayda watch intently as the Trojans battle St. Mary's for the division title.

This was definitely the year for football as both the Junior Varsity and Freshman teams finished the season with winning records.

Despite several injuries, JV closed out the season with a 4-3-1 record and freshmen wrapped up their season with a record breaking 5-3 mark.

During the season, the JV team, led by quarterbacks Billy Karl and Bart Good, racked up 141 total points while holding their opponents to only 94 total points.

The freshman team, in the process of establishing the best frosh record in PV history, managed to accumulate 91 points, but allowed their opponents to score 103. The scores show, however, that the bulk of points scored against the team came during the three losses that the team suffered, and that the team won most of their games by substantial amounts.

With the aid of their sponsor, Mrs. Mary Jo Wilcoxson, they were in charge of assemblies. They adapted many songs for the their skits such as the one they did to "Gitarzan," and "Santa Claus Is Coming to Town," at Christmas. There were many spirit competitions between the classes such as shouting cheers, eating jello and throwing pies. The winning class with most spirit received a party at the end of the year.

Sponsoring the 50's day, cheer did a skit to the song "Leader of the Pack" at the assembly and again at the basketball game. Following the game was the 50's dance.

Watching intently as the basketball game against Prescott begins are Varsity Cheerleaders Janice Welker and Cathy Bennett.

Kicks, Splits, Spirit Ignite Trojan Crowd

Spirit, Enthusiasm and Entertainment were what sparked the Pom Pon Line of 1974-75 under the sponsorship of Mrs. Santhe Niedner.

Last summer the Pom girls worked hard to earn money to go to the Northern Arizona University Camp of Champs. All the girls won many ribbons but three outstanding girls were Jennifer Bingamon, Karen Caserta and Terry Davis, who won all superior ribbons, the highest given for performance in the dances learned at camp.

Pom kicked off the football season dancing to different music such as "The Pink Panther," "The Candyman" at Homecoming festivities and ending the season with the music of "Brazil."

Basketball rebounded with the Pom Line dancing to the music of "1985" and hand jives to "The Entertainer," which kept the fans enthused throughout the season.

The Pom Line had such honors as marching at NAU's Homecoming and in the Fiesta Bowl Parade.

Finishing off another pep assembly, the Pom Pon Line coaxes crowd spirit by dancing to "Hurrah For Paradise."

Although the girls did not practice during the summer, they did practice everyday after school. The practices were held at Roadrunner Pool from 2:30 to 5:00 p. m. and the team swam an average of 3,000 yards a night.

"All the girls did well but I felt that Kathy Milligan, Marie Eilenfeldt, Bev Burwell and Cheryl Love were outstanding," said Coach Gwen Doyle

Varsity Takes Second in State Tourney

PV's polish and poise paid off in this year's volleyball season. The offense was centered around the brilliant setting of Kathy Warner and tremendous spiking power of three year, All State Margaret Rebenar.

Complimenting this duo were spiker Vilma Lins, foreign exchange from Brazil; spiker Sue Bordeaux, sophomore, spiker Chris DeChance, sophomore; setter Sheril Bordeaux, freshman.

Thanks to the JV's help, the Varsity repeated as Skyline Divisional Champs for the 3rd consecutive year with a season record of 15 wins and 1 defeat, coming in the final match of the state tournament.

Undefeated Matmen Climax Season As

The Trojan wrestlers this year, coached by Mr. Frank Grundler, capped a perfect 10-0 season by decisively capturing the AAA Skyline Division Championship for the second consecutive year.

It's a big smile of victory as senior Reed Newell takes the top spot in divisional finals.

During the regular season dual matches, the undefeated Trojans compiled 413 team points as compared to only 139 by their opponents.

The PV grapplers also competed in two invitational tournaments during the course of the season. They took first place in the Scottsdale Invitational in which 16 schools competed and third place in the Peoria Invitational, the largest wrestling tournament in Arizona with 41 schools competing.

Eleven wrestlers placed in the Scottsdale tournament, including six first places and two outstanding wrestler awards for Russ Earegood and Glenn Palmer. Eight wrestlers placed in the Peoria tournament and Glenn also received another outstanding wrestler award.

In divisional competition, the PV matmen accumulated 113 1/2 points while their next closest competitor, Washington High, scored only 89 1/2 points. Nine Trojan wrestlers advanced into either the consolation of finals matches, automatically qualifying them for the state tournament. Five of the nine wrestlers went on to become divisional champions. They were Russ Earegood, Tim Matteson, Reed Newell, Glenn Palmer and Eric Stine. John Barrese, Dave Pellerin and Howard Frintner all chalked up seconds and Jerry Grim took a fourth.

Last, but certainly not least, the Trojans went on to capture the runner-up spot in the state competition. Five PV wrestlers placed in the state tournament. Russ Earegood and Jerry Grim took second places, Glenn Palmer and John Barrese took third places and Reed Newell took fourth place.

JV Season Adds to Winning Tradition

Racking up a very impressive 8-3 record, the JV team this year showed great potential as prospective championship wrestlers.

In the total point accumulation, PV outscored their opponents 525 to 177. They also outpinned the opposition by a 43-10 margin.

Coach Dennis Van Rockel expects many of his wrestlers to do an excellent job on varsity next year, but some of his sophomore wrestlers will remain on JV to gain more wrestling experience.

Outstanding wrestlers include Kyle Cooper, 11-0; Bob Frintner, 9-0-2; Scott Manning, 9-0; Bryce Burnside, 7-1; and Craig Wakefield, 7-1.

One of the most explosive wrestling teams in the state of Arizona can be found in this year's freshman team.

Outscoring their opponents almost three to one, the freshman grapplers had a perfect 11-0 season. Of their 92 individual match wins, 76 were accomplished by pins.

Coach Ted Shantz predicts that in two years, when this team is wrestling varsity, that they may very likely capture the state title that just barely eluded this year's varsity team.

Outstanding wrestlers include Henry Pressnell, 10-1; Jamie Arkin, 5-1-1; George Hiler, 11-0; Don Grim, 10-1; Darryl Sullivan, 8-1; Mark Pederson, 9-2; Mike Jones, 11-0; Terry Jones, 10-1; and Ed Yates, 9-0.

Running fast, throwing far and jumping high are just a few of the many talents possessed by the Trojan track team.

Headed by Coach Bill Wolfe and tri-captains Doug Homer, Bob Hert and Jerry Grim, the team worked hard this year to add another winning season to the PV track record.

The entire team competed in a pre-season inner squad meet to determine in which events and at what level each of the cindermen would compete in the regular season. Outstanding performances were exhibited by Jerry Grim, intermediate hurdles; Brian Miller, discus; Monte Cole and Doug Homer, sprints; Matt Clark and Bob Hart, distance running; Bert Cooper and Tim Souers, pole vaulting, Greg Clark, high jump; and Tim Milligan, high hurdles.

The JV team this year, coached by Mr. Larry Reifenrath, showed great depth and potential. Many of the JV track members also competed on the varsity level at various times during the season. Exceptional JV performances were given by Scott Morrow, Bob Frintner, Kevin Grell, Bryce Burnside, Sheldon Sexton and Steve Bell.

Also expected to have a very promising future is the freshman team headed by Coach Ron Barella. The coaching staff strongly believes that when this team attains varsity status that it will be one of the most outstanding track teams in the state.

Senior Bob Hert crosses the finish line ahead of Calvin Cross during inner squad distance running competition.

Babe Ruth, Hot Dogs, Ball Players . . .

The Varsity Baseball Team, coached by Robert Croftcheck, began the season with four returning lettermen. The large number of seniors on the team added experience, good baseball knowledge and maturity.

The toughest opponent of the season was Apollo because of their large number of returning lettermen. This year's team proved to be very exciting team to watch. "I feel that we will be the Surprise Team in the Sky Line Division," commented Varsity Coach Robert Croftcheck as a pre-season prediction.

Twenty three boys turned out for the Freshman baseball team this year. The team expected the toughest opponent to be Apollo also. Freshman Coach Jim Irvine began getting his players in shape by doing different exercises, running on the track and playing practice baseball games.

The girls' softball team, under the coaching of Miss Lou Kostielney, captured first place trophy in state with a season record of 3 wins and 4 losses.

Organized this year, the girl's softball team entered competition in the AAA division. Senior pitcher Margaret Rebenar struck out 46 batters in the tournament games. The girls' batting averages were all over .400, with leading hitters, Margaret Rebenar .728, Anne Ream .636 and Terry Anderson .625.

In State Tournament play, they defeated Mesa 18-4 in the first game. Junior Kathy Warner made the first homerun of the tournament in the second game against Coronado, winning 12-4. In the final game the team defeated Marcos de Niza 15-3.

Angels Represent State

Susie Seipp gleams with happiness as she admires trophy received at the Apache Junction Parade.

For their outstanding marching ability, the Angel Drill Team was chosen as official Representatives of the Arizona Bicentennial Commission to perform in both state and national events during the Bicentennial Era.

The Drill Team was chosen for other honors when they were asked to perform at halftime for a football game at Scottsdale Community College. They were chosen Best Marching Unit for the South Phoenix Festival of Thanksgiving and the Gompers Parade.

Participating in the Veteran's Memorial Day Parade, the Angel Drill Team was selected as the "Best Jr. Marching Unit." There were over 300 Marching Units in the parade from throughout the state, thus proving that the Angels are the Best Marching Unit in Arizona.

Having taken top honors in various competition, the Angels had a total of over eleven trophies and three plaques.

The dedicated Angel Drill Team met at the school every morning at six o'clock for summer practice with the band. They held a clinic and tryouts during December to name the Drill Team of 1975.

Concert Choir worked hard all year to raise enough money to go on tour in Vienna, Austria, in July. The two to three week tour cost $65,000 and to reach that amount the choir organized a campaign-Viva Vienna '75.

The campaign included such money raising projects as collecting pop bottles, selling Viva Vienna bumper stickers and buttons, raffling off a drawing for a 1975 Chevrolet Vega and a "Ye Old Vienna Trade Fair." They gave many concert performances during the year for donations, besides school concerts, and they performed at such places as the Carefree Inn and The Windmill Theatre.

Dance Show Supports Viva Vienna

Raving to the "Charleston" in the "Dance Review" is the Advanced Gymnastics and Dance class. The class prepared during the first semester to present the show on Jan 16, with proceeds going to the Concert Choir-Viva Vienna.

Showing her poise, Jeannette Colyn practices her hand stand with floor bars.

Practicing a modern dance technique in class are Denise Finnesy, Karen Eichenauer, Liz Ruby and Yolanda Deguire.

Concentrating during their preformance in the "Dance Review" are Marie Eilenfelt and Jamie Fields.

"Could this be the way Russia's Olga Korbut started?" asks Jamie Fields.

Various changes in the format of the TROJAN TIMES this year proved acceptable as more students became interested in the paper.

Each issue the paper presented an in depth feature covering a specific topic of interest to students. Topics included Life after High School, Juvenile Crime and Astrology.

Inflation entered the ranks of the TROJAN TIMES as Advertisers found it difficult to find money to spend in the newspaper.

Before school started in September the staff met at the editor's house to prepare a paper for the first day of school. The staff continued working after school and during vacations to produce the paper monthly.

Senior Alex Weinstein, Editor of the Trojan Times, discovers there is more to being Editor than just copy editing.

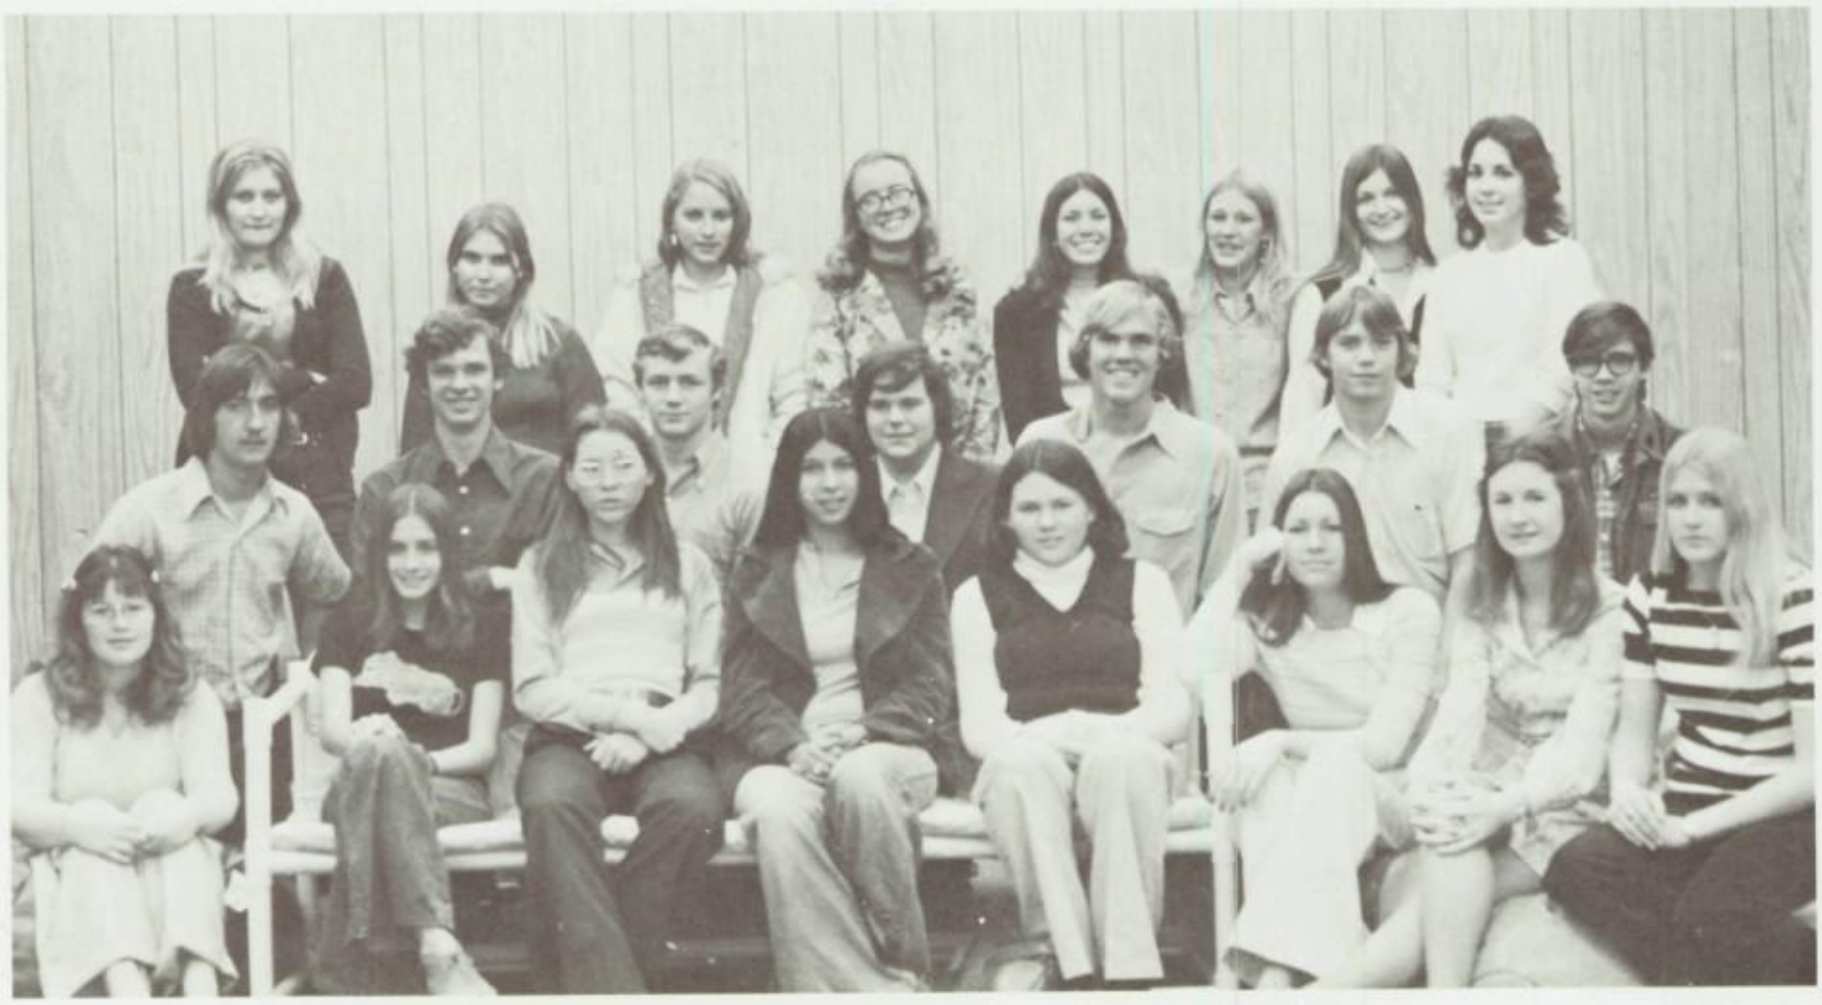
Staff Puts Creative Energy Into Book



YEARBOOK STAFF: BOTTOM ROW-Pam Wiens, Barbie McWaters, Carmen Beshoner, Debbie Perez, Theresa Milne, Teresa Loftus, Mitzi Smith, Jeannette Colyn. MIDDLE ROW-David Ogonowski, Brad Kramer, Bill Darnell, Tom Redmon, Scott Byler, Ron Scott, Kevin Harrell; TOP ROW-Cindy Polzin, Barbara Graves, Dale Lannes, Karen Blair, Kathy Alcott, Sandy Trimpl, Nancy Jarrett, Lori Douglas.

Members of the staff work after school in their usual unorganized, organized manner.

A groan of agony, a sigh of despair, a yawn of exhaustion or a frustrated frown are not at all uncommon to witness as the yearbook staff rushes frantically to meet numerous 50 page deadlines, which incidentally, were always due almost a week ago.

The staff, headed by co-editors Jeannette Colyn and Lori Douglas and Mrs. Phyllis Stanfield, yearbook adviser, face the challenge and responsibility of capturing a year's worth of memories, highlights and happenings and then condensing them into a rather limited and concise publication.

Nevertheless, there is an occasional mishap. These miniature catastrophies include anything from the loss of a picture to putting a teacher's picture in the senior section. But in the end, it's all worthwhile. Along with that last deep sigh of relief that accompanies each completed deadline comes a feeling of great satisfaction. It's a nice feeling to know that you've helped preserve a small portion of the 1974-75 school year forever.

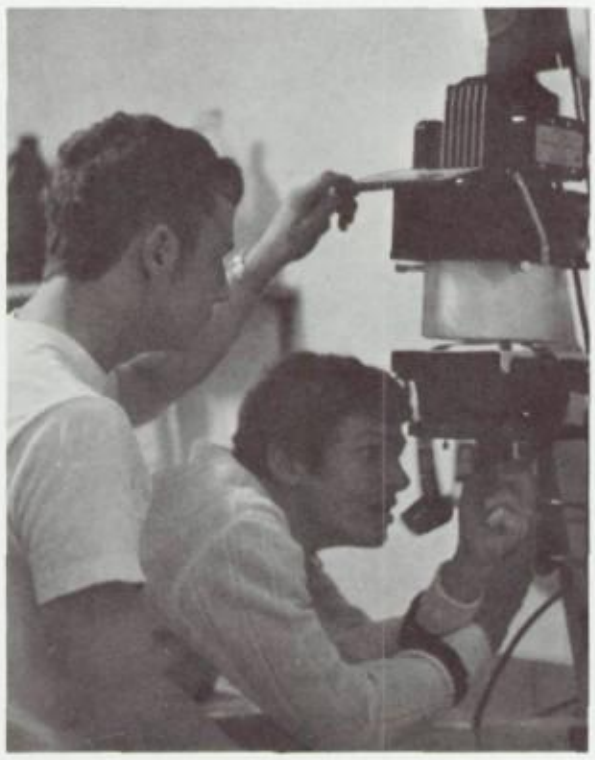
Working with pictures on a layout like pieces of a puzzle are Kelly O'Brien, Pam Wiens, Teresa Loftus and Kathi Alcott.

Editors Lori Douglas and Jeannette Colyn confer with Mrs. Phyllis Stanfield, adviser, about the yearbook.



"Now I know why they call it a dark-room. I can't see a thing," exclaims photographer Brad Kramer to Bill Darnell, STANDING.

Being on the yearbook staff isn't all work . . . there's a little time for school gossip as demonstrated by Teresa Loftus and Mitzi Smith.

Respectfully You

THANK YOU THANK YOU THANK YOU THANK YOU THANK YOU THANK Y

So many people helped us, the editors, with the yearbook. It's very hard to single out anyone in particular, here are just a few of the extra-special people we want to thank who have given so much for us. First of all, Mrs. Phyllis Stanfield who pushed us along when we got behind and always gave her advice and time freely. The photographers who supplied pictures even when EVERYONE was yelling at them. A great BIG thank you goes to the staff, who deserve all the credit for this book for their hard work and patience. We thank Mr. Bruce Kinde for his work with special effects, color pictures and keeping the the photographers in line. Mr. George Eccles deserves credit for taking numerous pictures, including color, and Marquis Studio for printing some of them. Mr. Sam Polvino and Mrs. Dorothy Goodman also supplied a few much needed pictures. Thank you Mr. Chuck Bursell and American Yearboo. for getting the book here in one piece. The credit for the original cover design goes to JoRita Pederson and Janice Neely. Mr. George Werner deserves thanks for always backing us and reading proofs. A special thank you to all the other people who cooperated with us including the Audio-Visual Department, Media Center, Mrs. Ida Gerber, the administration and the faculty.
